

Luscious Dick Industries

Tomorrow's obsolescence, today!

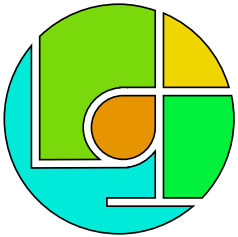

FOR IMMEDIATE RELEASE

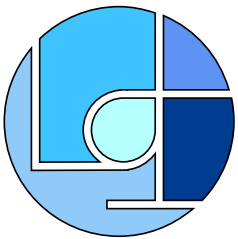

Synergies Created, Synergies Realized: Luscious Dick Industries acquires Brother9 Publishing

Brother9 Publishing has long been the leader in bringing computer-tested gambling strategies to the gambling public. Both the occasional gambler who pulls penny slots as well as the inveterate card-counter who manages thousands per hand knows their strategies well. Luscious Dick Industries is also a leader in bringing computer-tested poetry to the gambling public. With Luscious Dick Industries acquiring all assets of Brother9 Publishing, including debts, equipment, complete rights to all publications, and the pen that a promotional advertising agency sent, Brother9 will be kept on as an imprint. Luscious Dick Laboratories will continue as the R&D division of the company.

The deal was finalized on September 6, 2021. The acquisition will strengthen both the visually-aggressive gambling and visually-aggressive poetry publishing sectors of literary commerce.

There will be no further releases regarding the acquisition.
